## President's Message

### Greetings from the President!

Hello everyone! It is closing in on summer time, which means the best launch days are upon us! We have a launch coming up 11 May, and I hope all of you can make it! If you haven't been out to our new launch site yet, now is as good a time as any to check it out! We had a great turn out last month, including some students from Loyola Marymount University who built a custom rocket with an awesome electronics bay for dual deploy! We also will be doing our free community class this month instead of our normal build session, Info will come out for that later this week, make sure you sign up fast as seats are limited! Lastly, thanks to John Patwell for providing some amazing opportunities for winning some great rocket gear! There will be more of this coming, so make sure you come out for your chance to win big! Until next time, happy launching!

Chris Birkinbine

## MAP TO SKAR LAUNCH SITE

# MAY MADNESS

**FLY A STREAMER RECOVERY ROCKET AT THE MAY 11, 2019 SKAR LAUNCH AND RECEIVE A RAFFEL TICKET FOR A CHANCE TO WIN ONE OF TWO GREAT ESTES ROCKETS!** Rules: Rocket must be a streamer only or a parachute recovery model that has been converted to a streamer only. (A chute recovery model with a streamer attached to it will not qualify for a raffle ticket.) If the streamer does not deploy the flight is still considered good! Each participant will receive one (1) raffle ticket. So, bring out your favorite Streamer Rocket and join us for a great day of flying!

---

**New club business cards have arrived! Pick some up at one of our launches or at the monthly rocket lab. Pass them out to friends or anyone that is interested in building and flying rockets with our club!**

## SOUTHERN KERN AERONAUTICS AND ROCKETRY CLUB

**Join us for launches, classes and fun!**

SKAR is a new chartered club of the National Association of Rocketry in the Rosamond/Mojave/Edwards area. SKAR offers monthly launches, classes and workshops on rocketry and related skills and technology, as well as a fun atmosphere for kids and adults alike! If you are into amateur rocketry of any level, this club is for you!

- MODEL ROCKETS!
- HIGH POWERED ROCKETS!
- CLASSES AND WORKSHOPS!
- CERTIFICATES AND CHALLENGES!
- FUN FOR KIDS AND ADULTS!
